

Clavey Denial of Ticket Fix Try Backed by Deputy

Lake County Coroner Orville S. (Pat) Clavey has denied an attempt to "fix" a Lake Villa man's drunken driving ticket, and the deputy in question has confirmed that no attempt was made.

The incident came to light Monday after publication of the possible "fix" story in a Chicago newspaper.

The man in question is Thomas F. McCarthy, 51, of Oakwood Drive, Lake Villa.

McCarthy was arrested Saturday afternoon by Lake County Deputy Sheriff Bernard A. Walther on Rte. 83 about three miles south of Lake Villa after knocking down a no-passing sign.

Walther had been alerted

by Lake Villa police who reported that McCarthy's auto had forced other cars off the road when he had driven through that village.

McCarthy was taken into the sheriff's office by Walther and about that time Clavey made a telephone call to the office to talk to Walther.

Shortly after the telephone call Walther took McCarthy home after charging him with drunken driving, but he did not post any bond.

Walther, Tuesday, told Lake County Sheriff Harold Scheskie that McCarthy was a borderline case, registering .10 on the drunk-o-meter, and so he didn't ask for a bond.

Scheskie was informed of the incident last Saturday night and ordered McCarthy rearrested.

McCarthy was picked up at his home Saturday night and returned to the sheriff's office where he posted a \$50 bond and was released to appear Feb. 23 in the Fox Lake branch of the Lake County Circuit Court for a hearing.

Clavey, meanwhile, said he had never heard of McCarthy and merely telephoned Walther to tell him that his badge, as deputy coroner, was ready.

Walther told Scheskie the same story Tuesday and was ordered by the sheriff to make a written report on the

entire matter.

Clavey, meanwhile, said he is considering suing the two Chicago newspapermen and the Chicago newspaper that printed the story intimating that he had attempted to fix the drunken driving charge and that McCarthy had been released by Clavey's telephone call.

Scheskie, in commenting on the incident, said that no public official has ever tried to fix a ticket for drunken driving since he has been in office.

"My men are under a merit commission," Scheskie said,

"so there is no reason for them to be put under pressure for anything by any political figure."

It had been reported that the charge against McCarthy had been dropped after the Clavey telephone call, but records in the sheriff's office show that the charge was on both booking sheets, one for the 8 a.m. to 4 p.m. shift and another for the 4 p.m. to 12 midnight shift.

Scheskie said he would investigate the matter no further and as far as he was concerned "the matter is closed."

Brrr, it was cold, but every one had a good time at the Ice Fishing Derby at Loon Lake last Sunday, and the fishermen managed to make prize winning catches.

Kris Fournier Crowned Queen Of Ice Derby

A crowd of 2400 "frigid-anglers" braved the minus 14 arctic blast to attack the Loon Lake fishes in an effort to win themselves a chunk of the \$3 thousand in prizes, donated by local merchants and friends, which were stacked up by the Northern Illinois Conservation Club, at the 7th annual running of their Ice Fishing Derby Sunday.

As a special addition to this event an Ice Queen was crowned, along with the selection of her two member court.

Winner of an armload of prizes which included a mink fur; Stag winter coat; and a day "on the town" in Chicago was lovely Kris-Anne Fournier, 17, Lake Villa. Kris-Anne is a Senior at Antioch High School. Her parents are Mr. and Mrs. Robert Valumstad, Central Avenue, Lake Villa.

Wendy Williams, 17, Lake Villa, a Senior at Carmel High School, and Susan McClarey, 16, a Junior at McHenry High School were chosen princesses of the

Barbara Diemer Now Owner of Antioch Answering Service

Mrs. Barbara Diemer, 665 W. Lake Street, Antioch, is now operating the Antioch Answering Service, as of January 1, 1968. She purchased the business recently from Vivian Mapleshorpe.

She has two employees, plus herself at the present time and provides emergency answering service for over 80 phones, and has the Western Union office for the Antioch area.

Mrs. Diemer has lived in Antioch all her life and is married to Eugene Diemer, who has operated Gene Diemer Plumbing, for the last 13 years.

They have seven children. Barbara is a graduate of Antioch High School and is now working at the Little Company of Mary Hospital in Chicago.

Robert is a senior, Chick a sophomore and Denise a freshman at Antioch High. Sherie is a 5th grader and twins Eugene and Edward are first graders at Antioch Grade School.

Wesner Will Head Committee to Find Jr. College President

The Junior College Committee will meet in the County Administration Building, until private quarters can be found. They hope to find offices in Waukegan.

At the Junior College Board Meeting Tuesday night, it was also decided that they will meet on the second Tuesday of each month at 7:30 p.m., with the exception of the January 17 meeting which will be on a Wednesday.

President James Lumber named two committees. One is for the selection of a Junior College President, and this committee is headed by H. L. Wesner, who was formerly superintendent of Lake Zurich's community high school. Other members of that committee are Oby Cowan and Mrs. Rolland J. Sandee.

The other committee was

named to select, prepare and equip an office. This committee will be headed by Charles Neal and includes Dr. Lawrence Day, and Theodore F. Paxton. Paxton, a bank president, was also named as the board's financial chairman.

A. Burnell Casey, of Libertyville was named treasurer. Casey is employed by a Chicago bank and has served as treasurer of several Libertyville schools.

Donation Received And Welcomed By The Library Board

The Antioch Library Board received a substantial check recently for the new library building fund from Mr. and Mrs. Carl Hughes of Loon Lake Road.

Grass Lake to Have Two First Grades

Grass Lake School is growing by leaps and bounds and at the January School Board meeting on Tuesday night, it was decided to split the first grade into two classes because of its large enrollment of 45 students. This will be done as soon as a teacher can be acquired.

Planning for next year is for two second grades to be established because of the large class coming up.

The new supplemental State Aid Claim was approved by the State for the school district, and this means an increase in funds for Grass Lake of about \$7,000.

Data on salary schedule, curriculum and program for the 1968-1969 school year will be discussed at the February meeting.

There was a discussion of Special Education Bill 1666 which is now law, which gives each school district the right to levy 2c for a maximum of five years for construction of special education facilities.

A meeting of the special ed-

ucation district of Lake County will be held January 31 at which time the 47 districts which belong to the Special Education District hope to come to some decision as to how this money can best be used. The board authorized Mr. John Schockmel, principal of Grass Lake School to speak at this meeting on their behalf in the best interest of the school.

The board approved regular bills and unanimously approved becoming a member of Special Education District No. 6869 again.

Tax and anticipation warrants were issued for the following amounts: \$40,000 — education; \$10,000 — building.

Articulation Lunch Held At High School

An elementary and high school Articulation luncheon meeting was held Wednesday, January 10 at Antioch Community High School.

Superintendents and their assistants, also designated teachers from the Language Arts Departments of Antioch Grade School, Channel Lake, Emmons, Grass Lake, Oakland, Lake Villa, St. Peter's and Prince of Peace were all invited to attend.

Mr. Albert Dittman, superintendent of Antioch A.C.H.S. and Consultants from the State Department of Public Instruction came to the meeting and the group discussed cooperative agreements and just what the various areas of cooperation encompassed among these schools, that we are legally entitled to develop.

The teachers from the Language Arts Department had a meeting and discussed the development of the Language Arts program that is a continuing program through the grades and through the high school years.

He had sued his successor, Sheriff Harold W. Scheskie for the extra monthly salary when his pay was cut from \$700 a month to \$600 a month by Scheskie.

Since Scheskie took over the department after beating out former Sheriff Norris Froelich, Larson's chief deputy, Larson has been assigned the chores of a bailiff.

The judge ruled with Larson on the position but with Scheskie on the pay scale for fiscal 1967.

The basic questions in the long-standing suit was whether Larson was automatically a sheriff's captain after Scheskie took office pursuant to the rules and regulations of the Sheriff's Merit Commission and whether Scheskie could cut the salary despite the schedule set by the Lake County Board of Supervisors.

Irl Marshall Candidate for GOP Delegate

Irl H. Marshall, of Highland Park, well known industrialist and civic leader, has announced his candidacy for the 12th Congressional District delegate to the Republican National Convention.

Marshall, who has been president of the Highland Park and Deerfield High School Board of Education, is chairman of the board of Duraclean International, a worldwide organization which he founded and which has its international offices in Deerfield.

He is a trustee of Highland Park Hospital, a member of the Lake County Red Cross and active in church and charitable organizations.

Marshall believes that the next president will be a Republican if the party has the foresight to choose the right candidate.

He believes that Richard Nixon meets the requirements but wants to ascertain

Ward Lear Is New Lions Club President

Ward Lear was installed as president of the Antioch Lions Club at their January 8th meeting at Lorenz's Smart Country House.

Other officers installed were Secretary, Walter Shepard; Treasurer, Les Sorenson; 1st Vice - president, James Olson; 2nd Vice-president, James Fields; and 3rd Vice-president, Richard Daniel.

David Heath will be chairman of the Barbecue Committee for 1968 and Earl Stringer is chairman of Special Activities.

Plans for the Mid-Winter dance to be held at Tally Ho Country Club, Mundelein, on Feb. 24 were discussed at this meeting.

Ward Lear, new president of the Antioch Lions Club has been a teacher at Antioch Community High School for 12 years. A native of Terre Haute and Brazil, Indiana, he taught in Sterling, Illinois, for 8 years before coming to Antioch.

He is Athletic Director and also teaches business subjects.

Lear is a graduate of Indiana State University at Terre Haute where he received his bachelor's and master's degrees.

The Lears have four children, a son, John, who is a Yeoman in the U. S. Navy and stationed in Seattle; a daughter Vickie who is a

freshman at Antioch High School and a son Terry who is in 5th grade at Antioch Grade School. David, 14 months old is the youngest member of the family.

When asked about plans for the new year, Lear said they had many hopes of accomplishments. He listed them as follows:

1. The Lions Club plans on promoting another Barbecue Dinner with related activities that go along with that.

2. They plan to carry on the same programs as far as basic activities are concerned as the Lions Club has done in the past.

3. They want to see their regular Candy Day for the benefit of the blind, continued and expanded.

4. The number one objective is, of course, to give our support to the pool.

5. We also hope to have better and more improved programs as far as our meetings are concerned.

6. We would like to improve relations and do more with activities which the national organization sponsors and recommends. Candy Day is the first big step Antioch Lions have taken in working with the state and national organizations.

Lear feels the Lions should do as much as they can for local projects but should also cooperate with national projects.

California Couple Send \$25.00 For Project Viet Nam

News about Antioch's "Project Viet Nam" has spread across the country. Postmaster Joe Wolf received this letter from Santa Barbara, California, with a check for \$25.00 enclosed for Project Viet Nam!

"Dear Friends: We think Project Viet Nam is terrific! Too bad other cities don't follow suit so their fighting boys have some way of knowing that their communities are behind them 100%. It would certainly be a morale booster. We have been gone from Antioch 20 years but are still very interested in the happenings of 'our home town.' Keep up your good work. Mr. and Mrs. C. H. Anyone For Filing

We were somewhat intrigued the other day when checking our calendar we found that the legislators are going to return to Springfield for a continuation of the 75th General Assembly on March 4.

We have nothing against March 4 as a day. Those who have birthdays and anniversaries on that day probably enjoy it to the fullest.

The legislature, of course, in its wisdom is apparently attempting to get the citizenry in the mood for annual sessions.

And that might not be a bad idea, if, for instance, the even years could be used to do nothing but repeal the laws that have us so bound up.

But we don't think that is the real answer.

There may be work left undone by the salons that could only be done in March—but we don't believe that is the answer either.

Then the light went on.

It just so happens that the legislators have to be in Springfield on March 4 to file their petitions for re-election.

March 4 is the first filing day.

They will be able to kill two birds with one stone, so to speak.

It just so happens that the legislators—who must be in Springfield March 4 for a session and filing day—get 10-cents-a-mile for the trip.

In Lake County that amounts to \$50 per legislator.

Our Tax Dollars

Chicago has done it to us again—this time with the school teachers.

It has long been established that there is two sets of legislation in the State of Illinois, one for counties over 500,000 population—and Cook stands alone in this category—and the other for counties with less than 500,000 population.

And that takes in all the other 101 counties in the state.

The school teachers in Chicago threatened to strike unless they received a raise and Sunday they approved an agreement calling for \$1,000 a year in pay boosts and other fringe benefits.

We don't subscribe to teachers striking, but we also advocate that they receive a living wage.

The package agreed to will cost the school system \$31 million.

The present school budget will provide \$19 million of the money and the additional \$12 million is to be appropriated in a supplementary budget to be voted on by the school board in July.

The money for the supplemental budget must come from a 15-cent raise in the property tax—and here is the rub—a boost in the state's aid to Chicago schools.

The Illinois General Assembly must vote on any increases in state aid.

But they have never hesitated before.

And we don't think they will hesitate to pass out our tax dollars this time.

Courthouse Notebook

By Lou Durkin

The election is still three months away, but maneuvering for top spot on the Lake County Board of Supervisors is getting underway as Antioch Supervisor L. E. Murrie nears the end of his second term.

Murrie, of course, would be eligible for a third consecutive term, but he would be flying in the face of tradition to see the office again since there never has been a three term county board chairman. In fact two successive terms is a comparatively recent development on the board.

But then Illinois has never elected a governor to a third consecutive term, a tradition which apparently will not deter Gov. Otto Kerner, any more than it deterred former Gov. William G. Stratton in 1960.

Several county board members have indicated interest in the chairmanship including two former chairmen of

recent vintage, Robert Dickson, of Wauconda Township, and Kenneth Henke, of Benton, who preceded Murrie as the presiding officer of the board.

Others being mentioned as possible candidates from the "In" team are Warren Supervisor Robert Depke and Vernon Supervisor Clarence Pontius.

Most prominently mentioned of the "Anti-Establishment" possibilities have been Norm Geary, of Avon Township, and August Cepon of Waukegan.

One thing is fairly certain, the chairman will be elected from among the 18 township Supervisors even though the assistant-supervisors outnumber the supervisors and have the same rights, duties, and prerogatives.

There are several assistant-supervisors on the 37 member board who have the seniority, experience, and other credentials to qualify for the

chairmanship, but it is unlikely one will be tapped.

The only assistant to be elected to the post was Harrie B. Muir, of Shields, who was a compromise choice in the historic 28 ballot, three day election a decade or so ago.

Waukegan Assistant Joseph Nemanich has frequently expressed a desire to hold the chairmanship, but he will no doubt be overlooked again.

Former Governor Stratton returned to Lake County over the weekend to help select the Queen who reigned over the Ice Fishing Derby sponsored by the Northern Illinois Conservation Club at Loon Lake, Sunday.

The Lake County native was later the guest of honor at a reception held at the Imperial Mink Ranch in Wadsworth by Paul Serdar who served under Gov. Stratton as chairman of the Illinois Racing commission.

The reception, billed as non-political, nevertheless proved to be a handshaking session for Gov. Stratton with many old political allies and cronies.

Stratton is expected to announce his candidacy for the Republican nomination for Governor later this month and despite some reports to the contrary he apparently is dead serious about seeking the nomination.

A contest for the GOP nomination for State's Attorney is developing between two members of State's Attorney Bruno Stanczak's staff.

Top assistant Jack Hoogasian has not made a formal announcement; waiting apparently for the boss to definitely declare himself out of the race, but he is going through the candidate rituals and will be a candidate if Stanczak steps down.

Also waiting in the wings to announce is Warren Behr, an assistant state's attorney and Town Clerk of Waukegan Township.

Other aspirants will no doubt dip their toes in the political waters if for no other reason than to get some publicity which might enhance their private practice.

New Low Rate For Packages Sent By Air To Military Personnel

Packages up to 30 pounds for American military personnel served by Army and Fleet Post Offices overseas now can be sent by air transportation at special low rates, Postmaster Wolf pointed out today.

"Area residents using this new airlift service will get much faster delivery on parcels to military personnel overseas," Postmaster Joe Wolf said. He said the airlift is available on a space-available basis upon payment of the domestic parcel post surface rate plus a flat \$1 fee.

Packages weighing up to 30 pounds and not more than 60 inches in combined length and girth qualify for the new special airlift rate, Postmaster Joe Wolf said.

Postal patrons can get the airlift service on packages mailed to all military personnel at APO and FPO addresses overseas, and in Alaska, Hawaii and Puerto Rico. Post-

master Wolf noted that the new airlift also applies to parcels mailed back to the States by servicemen from these military post offices.

Parcels on which the \$1 fee is paid get air transportation all the way—from here to the port of embarkation, and from there to the overseas base. Postal patrons formerly had to pay air parcel post rates to get similar service, Postmaster Wolf said.

He said that in many instances the new airlift rates are considerably below comparable air parcel post charges. He cited these examples:

* A mother here sending a 15-pound package to her son in Vietnam pays \$4.45 for the new airlift service. The air parcel post rate for the same package is \$12.88.

* An eight-pound package going from here to Frankfurt, Germany, costs \$2.40 under the airlift service. The air parcel rate is \$5.26.

Postmaster Joe Wolf pointed out, however, that it is not always to the mailer's advantage to use the airlift service. On some light packages air parcel post rates may be lower than the airlift charges.

"Postal patrons should check with the Post Office for information on the best way to mail parcels to servicemen," Postmaster Wolf emphasized.

The new airlift service went into effect January 7. It was authorized under the postal rate bill signed into law December 16 by President Johnson.

Postmaster Wolf explained that the regular postage on parcels mailed to servicemen overseas is based on the distance the package is hauled within the United States. No charge is made for carrying the package between the U.S. port and the overseas base.

Until January 7 airlift for parcels to servicemen over-

Smith was director of the Summer Institute at Round Lake last year and was an unsuccessful candidate for the board of directors of the Lake County Junior College.

Smith, who is presently employed by the Elk Grove Township school system, will be available for general psychological consultation on a part-time basis.

Office hours will be Tuesday and Thursday evenings from 6 to 10 p.m. and Saturdays from 9 a.m. to 1 p.m. Smith, whose undergraduate work in clinical psychology was at the University of Wisconsin, has an extensive clinical background.

Register January 13 At Carmel High

Registration for the 1968 freshman class at Carmel High School will take place on Saturday, January 13. All eighth grade boys and girls who plan to attend Carmel next September must come to the school this Saturday morning to register and to take a series of ability and achievement tests. The tests results, along with information received from the student's grade school, will be used by Carmel in scheduling the student for next year.

The registration and testing will begin at Carmel at 8:30 a.m. on Saturday morning and will continue until about 12:30. No student can be admitted after 8:30, and no testing date is planned for later in the year.

The student must bring a \$5 testing and registration fee. Any student who plans to use the Ritzenthaler bus service for transportation to Carmel next year should also bring a \$10 deposit made out to Ritzenthaler Bus Company.

Carmel High School for Boys and for Girls is located near the center of Lake County on Rte. 176 between Libertyville and Mundelein. It is a Catholic high school with a Boys' division and a Girls' division. The Girls' school is taught by the Sisters of Charity, B.V.M. and the Boys' school is taught by the Carmelite Fathers and both number of lay men and women on the faculty.

Now in its 6th year of operation the whole enrollment totals nearly 1600 from at least 49 communities within Lake County and in neighboring Cook and McHenry counties, and Kenosha County in Wisconsin.

Through the collection of dog food coupons, the American Legion Auxiliary is also able to furnish Seeing-Eye Dogs for blind veterans. 10,000 coupons are needed to provide one such dog. Cash value of this amount of coupons comes to approximately \$1,500, and this includes three months training of the dog; four weeks training of dog and master team; round trip transportation to and from the student's home; and room and board during the training period. Many Seeing-Eye Dogs have been provided through the efforts of American Legion Auxiliary during the past few years.

Labels are directly sent to the Pilot Dog Foundation by the Coupon Chairman. The Antioch Unit would welcome coupons contributed to any of these projects by members, neighbors, and friends.

Legion Auxiliary

By Del Jahneke
Mrs. Ralph Fields, Coupon Chairman, announces that the Antioch American Legion Auxiliary Unit is again participating in the Illinois American Legion Auxiliary Coupon Program, and that unit members are clipping and saving coupons, stamps, labels box tops, and bottle caps. Funds derived from this project will further the Department Child Welfare and Community Service programs. Included will be the continuation of aid to retarded children, and the purchase of equipment for the Burn Center of the Chicago Cook County Hospital, which is one of the leading burn treatment centers in the country. The "Pop" program; "Red Scissors" Plan; "Pleezing Products"; S&H Green Stamps; and the American Family Premium Plan also offer redeemable coupons. Unit members and any interested person may get additional information by contacting either Mrs. Ralph Fields, Mrs. Bernard Stadick, unit president, or Miss Jacqueline Waters Grayslake, District Coupon Chairman.

Sequoia Wrestlers Beat McHenry 24-18

Antioch Varsity Wrestlers won their match with McHenry on Tuesday 24-18.

"We did something for the first time in this match," Coach Andy Hauptman remarked. "We wrestled four teams — Freshmen, Sophomore, Junior Varsity and Varsity." We had 48 wrestlers from each school wrestle in this meet. We hope that in the future we can schedule more meets like this as it gives more boys the opportunity to wrestle.

"We won the freshman, junior varsity and varsity matches, but the sophomores lost in a close one."

Art Guild Provides 4 Free Art Lessons

The public is invited to the next meeting of the Antioch Art Guild on Wednesday, January 17 at 8 p.m. at the old Antioch Grade School on N. Main street.

Mrs. Roger Gilday, Sr. will give a demonstration on oil paintings. This will be the first in a series of four lessons, the balance to be held Jan. 31, Feb. 14 and Feb. 28.

Mrs. Gilday was awarded first prize last summer, by the State Bank of Antioch, in the Diamond Jubilee art contest for her paintings of Main Street, Antioch.

George Grunow is president of the Antioch Art Guild. Membership in this group is open to all adults interested in working with oils or water colors, and the membership fee is \$5.00 per year.

The series of four lessons is open to the public (adults and high school students). At subsequent meetings, everyone is invited to bring his own supplies for painting and the entire Art Guild group will assist in teaching the newcomers.

LAKESIDE REBEKAH LODGE NO. 82

By Del Jahneke

At the January 17th meeting of the Lakeside Rebekah Lodge No. 82, to be held at the Antioch American Legion Home, at 8:00 p.m., a special program will be presented by Mrs. Charles Ferris. Since January 15th is the birthday of Thomas Wildey, an Englishman who came to America in 1817, and originated the I.O.O.F. (Independent Order of Oddfellows) and the Rebekah Sister Organization in the early 1820's, his birthday is commemorated this month. Thomas Wildey was the first Noble Grand of the I.O.O.F. and the Rebekahs, and also the first Grandmaster of the I.O.O.F. In Mrs. Ferris' talk, she will also give other highlights of Mr. Wildey's life.

This meeting will be conducted by Mrs. Walter Buchert, Noble Grand. Hostesses for the evening will be Mrs. Harold Ellis and Mrs. Clarence Larson.

Last Chance Today, Friday To Register For Evening School

The Spring Term of Antioch Community High School's Adult Evening School will soon be under way.

Registration for the courses may be made today (Thursday) and Friday, January 11 and 12 from 7:30 p.m.

The ACHS Adult Evening School, under the direction of Arthur E. Blecke, aims towards the continuing education of the community's adults.

Twenty courses are currently being offered, covering a large range of subjects. In addition to several business courses, there will be classes offered in Spanish, art, physical fitness, sewing, home decorating and bridge. There is a course offered to prepare persons for citizenship and another to prepare persons for the dance floor. The wide range is intended to be not only educational, but also, entertaining.

The ten weeks' courses will meet one night a week for two hours. The first classes begin the week of January 15.

For further information, stop in at the high school or call 395-1421.

Sex, Drugs, Alcohol, To Be Discussed By Salem Senior M.Y.F.

The Senior M.Y.F. of the Methodist Church at Salem, Wisconsin, will leave for a three day retreat at Camp Byron on Saturday, January 20 at 8:00 p.m.

Three main topics that will be presented and discussed are "Sex: A Moral Dilemma for Teenagers"; "Drugs and Drug Addiction"; and "Alcohol: A Dilemma for Youth."

The purpose of this retreat is to provide an opportunity for serious consideration of these problems which affect the lives of the young people today.

There will also be some time for recreation, free time and a Hootenanny on Saturday night.

Mr. and Mrs. Don Blackman

Sharon Enlow Weds Donald Blackman

The wedding of Miss Sharon Enlow of Galesburg to Donald Blackman of Antioch, took place on Saturday, Dec. 23, in the First United Presbyterian Church of Galesburg, Illinois. Dr. Kermit Petersen officiating.

Given in marriage by her father, Miss Enlow carried a simulated poinsettia centerpiece, with phalaenopsis orchids, accented with tulle and gold braid as the complement to her gown of white, crepe fashioned with a chapel train. Tridescents and seed pearls were at the empire waistline of the gown, which had long full sleeves. Veiling was caught to a white Camelot headpiece smocked with pearls. As a sentimental touch, the bride carried a white hand-drawn handkerchief which was made by the groom's great-grandmother and was carried by his mother, grandmother and great-grandmother on their wedding days.

Sisters of the bride, Mrs. Don Fairbanks and Miss Meredith Ann Jobe were matron and maid of honor. Miss Audrey Thompson of Barrington, was the bridesmaid.

Mrs. Harold Moore was the organist and Miss Kaye Watkins and Mrs. Thomas Cinnamon were soloists.

Thomas Blackman of Jacksonville served as best man for his brother, and Don Fairbanks of Rockford, brother-in-law of the bride, and Robert Kubicki of Grass Lake served as ushers.

Following their wedding trip to Pheasant Run Lodge, St. Charles, the couple were feted at a reception in their honor at Patsy's Lounge hosted by the groom's parents. 150 people were at this reception.

The bride is the daughter of Mr. and Mrs. Ray Enlow, 1166 Jefferson St., Galesburg, and the bridegroom is the son of Mr. and Mrs. John Blackman, 313 Park Ave., Antioch.

Don will be at Ft. Leonard Wood, Missouri for 19 weeks and Sharon has returned to the University of Denver where she will receive her Bachelor of Arts degree in March. She has been awarded a teaching contract by Antioch Grade Schools to teach primary grades next September.

Now that the holidays are over, the remodeling program conducted by the Antioch Moose can continue with their work. This however, did not seem to hinder the New Year's Eve party for over 100 members attended the celebration. The new addition of space in the Lodge room has made an abundance of difference for everyone and this the members truly enjoyed. There is still much work to be done before completion, but as each step progresses, the members can notice and appreciate the difference.

A special meeting has been called by the president of the Hunting Club, Ted Wilkison, for the purpose of discussing the 2nd Annual Game dinner to be sponsored by the Antioch Moose Hunting Club. Secretary Gus Beres has sent out special notices to all members that the special meeting will be held at the Antioch Moose Home (tonight) Thursday, January 11, at 8 p.m. All hunting club members are asked to attend.

The Antioch Moose Bowling teams were host to the bowlers for a spaghetti dinner which was served at the Antioch Moose Home Sunday evening, January 7. Team No. 2 was in charge of this dinner. The bowlers played at the Antioch Bowl in Antioch with Team No. 1 winning 2 games from Team No. 2 and Claude Anderson of Team 1 had a series of over 500. Georgia Goelz, Donald Mason Exchange Vows

Miss Georgia Lynn Goelz became the bride of Marine Lance Corporal Donald Mason, Jr., at St. Stephen's Lutheran Church on Thursday, December 28.

Georgia is the daughter of Mr. and Mrs. William Goelz of Indian Point and Mason is the son of Mr. and Mrs. Donald Mason of Lake Villa.

The bride was given in marriage by her father, and the Rev. Wilton Anderson officiated at the ceremony. She wore a beige pink flowered suit with pink blouse and carried a bouquet of red roses and white mums.

Her sister, Ginger, was maid of honor, and Roselle Barnstable was bridesmaid.

Charles Mason, brother of the groom, was best man and another brother, Rick, was the groom's attendant.

Georgia graduated from Antioch Community High School in 1967 and the groom graduated from the same high school in 1966.

A family supper followed for the bridal party and the two families at the Mason home.

The groom is stationed in North Carolina with the Marine Corps.

Ronald Polson To Speak At Women's Club Meeting

The Antioch Woman's Club, Tenth District, Illinois Federation of Women's Clubs will have its first meeting in 1968 on January 15 at the Scout House. A board meeting will be held at 11 a.m. Potluck International will be at 12 noon. Members are encouraged to bring a dish of a foreign country or one of their family favorites. Members are also asked to bring along the recipe for the dish they have prepared.

"Tips on Nutrition" will be given by Mr. Ronald Polson of Polson's Dietary Foods, Antioch.

Hostess committee for the day will be Mesdames Albert Bucar, Elroy Anderson, Clarence Klentz, Homer LaPlant, Frank Benes, Anthony Scully, Clarence Olson, Stuart Olsen, George Anzinger and Kathleen Ryan.

Social Notes

By Del Jahneke

Mrs. Frank Kennedy, Sr., Antioch, spent the entire holiday season at the home of her son, James R. Kennedy and family, in Toledo, Ohio. She reported that "a good time was had by all."

The Phillip Warren family of Downers Grove were surprise guests of the Robert H. Dunlap, Jr. family of Grass Lake, on Sunday, January 7th. The Michael Beckers of Melrose Park also dropped in later in the day.

The Ray Rathmanns, Oakwood Knolls, entertained Mrs. Edna Wenthe of Chicago, the Pat Cosper family of Wheeling, and Miss Barbara Ames, McHenry, Mr. Ray Rathmann, Jr.'s fiancée, at a family party on Sunday, January 7th. Mrs. Wenthe and Mrs. Cosper are the mother and sister, respectively, of Mrs. Rathmann.

Rather than brave the wintry elements, the William Schultz's of Wadsworth, and the senior Ed Jahnekes, Beach Grove, celebrated their respective wedding anniversaries at an impromptu dinner party at the Jahneke home on January 6th. The two couples had planned on dining out, but the icy weather changed their minds. The occasion was the 15th anniversary of the Wm. Schultz' on January 2nd, and the 26th anniversary of the Jahneke's on January 7th.

A speedy recovery to good health is wished Mrs. Earl Horton, who recently underwent serious eye surgery at the Kenosha Memorial Hospital in Wisconsin. She is now convalescing at home.

The Bernard Stadick family, in company with several other families from the Waukegan area, had a "sno-mobile" party on Sunday at the Van Patten Woods. A big bonfire, plenty of hot coffee, and food, helped "warm up their spirits", if not the weather! Afterwards, the group congregated at the Stadick home, where they enjoyed more refreshments, and the young and old played games.

Remember when a call to California was a 10 dollar holler?

We do. We also remember when bread was 7¢ a loaf, sirloin sold for 38¢ a pound, and it cost \$4.65 for a three minute station-to-station yelling match between Chicago and New York. But that was back in the "good old days" of the twenties. Since then, just about everything has gone up, while the cost of Long Distance has steadily gone down. A call to San Francisco that cost \$11.90 in the twenties, costs \$1.60, plus tax, today (and if you dial direct after Midnight, you pay just 65¢, plus tax).

And as we lowered our prices, Illinois Bell customers have been able to lower their voices. At Illinois Bell, we're always working to make your telephone a bigger bargain than ever—not just in Long Distance, but in your basic telephone service as well. An old-fashioned idea? Maybe. But it has helped Illinois Bell provide you with phone service that's as modern as tomorrow, at a cost that's years behind the times.

American Gas Industry Sponsors Safety Study

The safety record of the natural gas industry is among the best in the nation, a history-making study shows.

Marvin Chandler, chairman and president of Northern Illinois Gas Company, announced that a national safety study sponsored by the American gas industry has been completed by Arthur D. Little, Inc., a highly-respected independent research organization. Chandler said he believes the study is the first comprehensive one to be voluntarily initiated and made public by a major industry.

The report indicates, however, that there is a nationwide lack of uniformity in gathering, recording and analyzing public safety information, he said. The safety study showed present industry and government procedures for gathering and reporting public accident statistics to be "confusing, inconsistent and irregular."

To correct this, the American Gas Association announced that it has made a \$20,000 grant to the National Safety Council for a study to determine whether a uniform, nationwide procedure for collecting and reporting public safety statistics should be made.

The Little Company's study involved examination of the records—covering ten years of operation—of 140 gas distribution companies representing 83.3 percent of the nation's gas meters. It includes accident statistics concerning gas company employees, as well as industrial, commercial and residential users of gas. The study also used government data from

the Department of Health, Education and Welfare, state health departments, public utility commissions, and state and municipal fire marshals.

The study showed that natural gas distribution operations are in some way responsible for an average of only 44 fatalities annually throughout the country—and that most of the "gas responsible" fatalities and incidents occur outside the home. This is equal to approximately one fatality for each 3 million persons served.

By comparison, for each fatality in which gas distribution is in some way responsible, there are 1,000 fatalities in motor vehicle accidents; five fatalities on scheduled domestic airline flights; four fatalities involving electricity supplied by utilities; and two fatalities involving heating oil.

"These statistics," Chandler said, "indicate the gas industry safety record makes it a leader in the field, but we must recognize that these comparisons cannot be definitive because it is very difficult to obtain reliable, uniform data on a broad basis."

Such data is necessary, he added, for industry to single out areas that need concentrated safety attention and to comparisons.

"Today, there is a new national awareness and concern for public safety," Chandler said, "a fact that the gas industry has long recognized. We not only accept but support the right of the public to expect even higher levels of safety than now exist throughout the industry. But a true measure of how well

all industry is going cannot be attained under present information-gathering conditions. This fact is clear from our study. This is why we made it public and this is why our industry is sponsoring a feasibility study by the National Safety Council."

The National Safety Council said it will set up machinery immediately for making the study.

Hot House For Teens to Open in Mundelein

Mundelein's teen agers have taken matters into their own hands, and with the help of the park district they will officially open and operate "The Hot House," a new Teen Recreation center at 418 N. Morris St., Mundelein, on January 18.

Park Superintendent, Ernie Nance, said that the eastern portion of the 5,000 square foot two-story building which the park district leased, is already in use as a warming shelter for an outdoor skating rink. The larger western section will be ready for use once installation of plasterboard and a soda fountain is completed.

The center grew out of meetings held with a teen council and an adult advisory group during the past year. The teen agers wanted a social center, and they will now be able to dance, ice-skate, play ping-pong and meet friends there.

The teen-agers are raising the \$200 monthly lease fee through candy sales, special activities, and proceeds from dramatic presentations. If the center is a hit, the park board, according to Nance, will attempt to raise \$70,000 to purchase the building before its option expires on May 31.

January Poor Vision Month For Motorists

January is "poor vision" month for drivers. Fewer daylight hours, fogged windshields, fading light-light deceptive shadows and glistening pavements all add up to a greater need for caution and alertness.

According to the Institute for Safer Living of the American Mutual Liability Insurance Co., good vehicle maintenance, reduced speed and increased alertness are the key answers to traffic problems when visibility is poor. The reliability of lighting in the stop-go traffic that occurs during winter storm is dependent on a well maintained electrical system.

Motorists should also make it a practice to clean headlamps, windshield and car windows of daily accumulations of traffic and weather film. This film tends to diffuse the light and play optical tricks on the driver.

Reduced speeds and special alertness are required at pedestrian crossings and when passing a line of parked cars. Bridges, overpasses and locations where trees or building shadows fall across the pavements are the locations where you can expect ice patches to occur first when it is raining and temperatures are marginal.

Be especially alert during evening hours. The worst hours of the day for winter-time accidents are when homeward traffic is at a peak and temperatures are falling rapidly.

Ravenglen Cows Break Records

New milk production records for area Holsteins have been reported by the Holstein-Friesian Association of America. Robert L. Hunter, Ravenglen Farm, Antioch, had two of his cows listed in this report: Mistress Ravenglen Reflection 6407027, a six year old, produced 18,750 lbs. of milk and 889 lbs. of butterfat in 305 days. His Butzridge Peggy Ideal Lass 5664042, a four-year old had 17,590 lbs. of milk and 664 lbs. of butterfat in 306 days. The 2,370th yearly production record, exceeding a half ton of butterfat has been completed by Hunter's registered Holstein cow, Hawthorne Fond Venus 4651959 (EX). She started her lactation at the age of 8 years and 2 months and was milked twice daily. Her Illinois Holstein's official record of production totalled 27,355 lbs. of milk and 1,006 butterfat in 365 days.

The average U. S. daily cow has an estimated output of 8,513 lbs. of milk and 315 lbs. of butterfat per year.

Illinois Statehood Stamp Introduced

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

Hyperventilating? Don't Push the Panic Button!

You've been anxious and tense all day. Suddenly, you experience a violent attack of giddiness. Your hands and feet tingle, fingers cramp up, and you feel like you're smothering.

Such terrifying symptoms would make anyone reach for the panic button. But, believe it or not, the victim would do better to reach for a paper bag and simply breathe into it a few times.

The paper bag treatment is the most effective way of combating a common problem called hyperventilation, which literally means "over-breathing."

Attacks of hyperventilation are frightening, but usually not serious. They occur most frequently in persons under a great deal of nervous tension who unconsciously breathe more deeply and more quickly than usual. In the process, the oxygen-carbon dioxide ratio of the body is disturbed—too much carbon dioxide is exhaled and too little is retained.

Result: a lowered carbon dioxide level in the blood, producing a marked drop in blood pressure and reduced blood flow to the brain.

Breathing into the bag traps the expired carbon dioxide and soon the air inhaled from the bag contains more carbon dioxide than oxygen. With the oxygen-carbon dioxide balance of the body restored in this way, the terrifying symptoms of hyperventilation quickly disappear.

If you're an occasional victim of hyperventilation, your greatest enemy is panic. Fight it by consciously slowing down your breathing rate, and breathing into the paper bag when necessary.

Frequent attacks of hyperventilation can signal a more serious underlying condition. Even in this case, don't reach for the panic button—reach for the telephone and call your doctor. By helping to eliminate the underlying problem, he can help eliminate the terrifying symptoms that accompany hyperventilation.

Milton Favors Endorsement Convention

The question of whether the Republican Party of Lake County will have an endorsement convention this year is still up in the air.

But GOP Chairman Robert Milton is expected to decide this week when he will call a meeting of the county GOP Central Committee to determine if there should be such a convention.

Milton, who personally favors such a convention, said he would leave it up to the central committee, the county's 231 elected and appointed precinct committeemen.

In the election two years ago Milton was the only endorsed candidate that lost out. He was then seeking the post of county treasurer.

There are five county offices on the election block this year but only one, the state's attorney race, carries any real primary possibility.

Linda Pierce's window painting in tempora color on personnel office window at Antioch High School.

Linda Pierce Adds Festive Touch To High School Windows

The Christmas scene pictured is one of seven windows decorations that brightened the Antioch Community High School student personnel offices for the holiday season.

Linda Lee Pierce, ACHS senior, did the window paintings in tempora water colors depicting various Christmas themes. Linda donated many free hours to brightening the offices with her festive, well-done drawings.

The daughter of Mr. and Mrs. George Pierce, Route 1, Box 453, Antioch, Linda is modest about her artistic abilities. She credits much of her talent to her art classes at ACHS.

In addition to her artistic pursuits, Linda is an active member of ACHS's Color Guard and Girls' Athletic Association.

Recently engaged to Bill Meyer, Linda plans to wed on June 29 and reside in Antioch.

Linda will be missed at ACHS next year—as will her paintings next Christmas!

Talented Teen Auditions To Be Held Jan. 14

Auditions for the 6th annual Talented Teen European Tour will be held Sunday, Jan. 14, at the Village Hall, Itasca, according to Geo. F. Koehnke, president of the organization. This is a student study tour designed for young people who would like to further their education during the summer. Students are coached in the performing arts, and they will perform before many live audiences while they tour Europe. Membership is open to singers, dancers, musicians, baton twirlers, artists and novelty acts. There are openings for solo spots and group acts; the chœurs, the band and the dance groups. This is a good-will tour, and character is as important as talent, Koehnke said.

The troupe will leave O'Hare airport July 22, and fly on a BOAC jet direct to London, England. In Europe they will travel by a special motor coach, they will visit Ireland, England, Holland, Germany, Switzerland and France. The complete cost of the tour is \$788. Qualified teachers and chaperones will be with the troupe at all times. A few scholarships are available.

This is not a contest, each member pays the same price for the student study tour. Teens or parents who are interested should write Talented Teens, Itasca, or call Mr. Koehnke, 773-1080. A color movie of last year's tour will be shown at 2 p.m., auditions at 3 p.m.

Carpentier Announces For Secretary Of State

State Sen. Donald D. Carpentier, R-East Moline, has announced his candidacy for the Republican nomination for Secretary of State.

He said an important part of his platform in his administration of the office, which was held by his father, would be to utilize every facility to combat the "appalling increase in motor vehicle deaths in Illinois."

The East Moline senator said his service as chairman of the Illinois Senate Committee on Highway and Traffic Regulations had convinced him that "the best expert assistance possible" must be utilized by the office to reduce the slaughter on the highways.

He listed highway safety, efficiency in dispensing services and honesty in office as top priorities when elected.

Carpentier said he was grateful to Republican county and district leaders and to citizens throughout the state who have encouraged him to be a candidate.

"As an elected public official," he said, "I know the need for strong support for a state candidate. I am appreciative to all who have pledged their support to my campaign."

Carpentier was elected Senator in 1962 and again in 1966.

He was named a member of the senate committees on elections, financial institutions, banks, savings and loans division of financial institutions, credit regulations division, public utilities and railroads and senate operations.

He is also co-chairman of the Illinois Space Needs Commission and a member of Commissions on Illinois-Mississippi Canal and Sinissippi Lake and Civil Defense Comacts.

He has been active in Republican Party affairs since he was of voting age and has served in several capacities with the Illinois Young Republicans.

Carpentier, who operates a successful insurance agency, is married and the father of five children.

THE ANTIOCH NEWS 9

Bill Smith, Antioch (50) shoots for basket in home game with Warren Friday night. Antioch won the game 73 to 61.

Antioch 73 Warren 61

The Antioch Sequoits broke a six game losing streak by beating Warren last Friday evening, 73 to 61. Coach Andrews said, "This is only the beginning, there are going to be many victories for the Sequoits in 68."

The Sequoits started out like they meant business. With Dave Camp and Steve Miklausch hitting from the outside and inside and Rodney Boswell rebounding, the Antioch Sequoits moved to an early lead. By the end of the first quarter, the Sequoits had a commanding 23 to 11 lead. At this point the Sequoits' play became sloppy, they lost some of their hustle and missed several free throws. As the second quarter ended, the Sequoits were nursing a six point lead 34-28. Thanks to Bill Blecke for a couple of clutch baskets or the lead would have been less.

Getting reorganized, keeping their cool, and playing some fine hustling defense, the Sequoits put together a great third quarter, outscoring Warren 24 to 9, and increasing their lead to 58 to 37. The scoring was done by Miklausch, Bill Smith and Tony Barnett.

Dave Camp playing a fine game, certainly was the "defensive star" of the game, as he held Warren's top scorer to only two baskets the first basket coming late in the third quarter. "Dave has worked hard on his defense, he is developing a feeling of pride in defense and his efforts are showing up," stated Coach Andrews. After playing such fine basketball in the third quarter, the Sequoits returned to some sloppy play in the fourth quarter, also a couple of the boys became careless on offense, shooting when they shouldn't. Because of this, the Warren Blue Devils cut the final margin of Sequoit victory to 12 points.

It was wonderful to see the Sequoits return to the victory column. There must be some bitter with the sweet, the bitter being the inability of the scoreboard to work. What a dilemma, a basketball game with no scoreboard working. All has been corrected and a thank you to fans for their patience during this trying time.

This weekend Antioch will be in action both Friday and Saturday evenings. On Friday the team travels to Round Lake and then returns home for an engagement with Wauconda and their 6'7" center. These games appear to be evenly matched, the

teams that want the victory the most will be the victors. Defense, hustle, and an organized offense will be the key to victory for the Sequoits.

McHenry Club Sponsors Polar Bear Shoot Sunday

By Harry H. Stern

The McHenry Sportsmen's Club will open the new year's trap season with a Polar Bear Shoot on Sunday, January 14th, at 11 a.m.

What connection polar bears have with this shoot is not readily apparent, unless it was the appearance of the crowd of shotguns who took part in the last shoot, with the temperature standing at 14 below zero. They, and their guns took on the appearance of Thaleros maritimus as both were coated white with frost. This however did not affect them in the least, as they kept up the shooting until they had all the booty they wanted or their guns began malfunctioning because of the accumulated frost on the gun's mechanism.

Just in case some polar bears do make it down here, the club has filled their lockers with tender-aged JoPat steaks and young chickens with which to appease their appetites; and to make it easy for them to win these toothsome goodies they will compete in the very popular Hi-Lo, and Hi-Lo-White Bird Shoots, in which the high scoring gun wins a steak, and the low tallying gun and the one who knocks down the white bird wins a chicken each.

Then too, there will be the six-prize Quintuple White Bird Shoot, plus Double and Triple White Bird Contests,

all designed to place the ordinary shooter on equal footing with the hot-shots, prize wise. They all have an equal opportunity to carry home the spoils of this war.

The January shooting schedule was released today, showing Saturday practice shooting sessions on the 13th, 20th, and 27th, from 1 to 4 p.m. and another prize shoot set for the 28th at 11 a.m.

President Wallace Manz announced the opening of the membership rolls to fill vacancies. Applications may be obtained at the Saturday practice sessions, or the Sunday prize shoots at the club house, or by writing to Harry Stern, Secretary, Indian Point, Antioch 60002. Shells and hot refreshments will be on tap all day Sunday in the warm club house, on the west side of Pistakee Bay.

County Bowlers Have Chance At \$15,000 Prize

Lake County's best men and women bowlers will participate in the All Star Eliminations on January 13 and 14 at the Antioch Bowl. They will compete to see who represents Lake County in the All Star Tournament in

Miami, Florida in February, Championship. First prize is \$15,000.

This tournament is open to any league sanctioned bowler and reservations can be made for the Eliminations journey at the Antioch Bowl.

Shoot-O-Rama Announces Rifle Course

Lou Chianelli, general manager of Waukegan Shoot-O-Rama, Inc., has announced the opening of a junior rifle course of instruction for boys and girls between 8 and 18.

The course will begin Saturday, Jan. 13 at 9 a.m. and run every Saturday from 9 a.m. to 11 a.m. for 12 weeks.

Instructor for the course will be Frank Briggs, author of the book "You Can Be An Expert Rifleman." Briggs is a marksman of championship caliber, being a member of the college All-American rifle team and team captain of the United States Marine Corps International Rifle Team.

He is the holder of 15 national rifle records and winner of many state and national titles.

Participants must register by Jan. 12.

A Fish Story?

Octopus Caught In Fox River At Wilmet

A 40" octopus was caught in the Fox River at Wilmet, Wisconsin by John Gross on June 6, 1942.

According to research done by Chicago American's "Action Line," the octopus climbed over the edge of Gross' boat. It was about 4 feet from tip to tip, and Gross said he was going to have it stuffed.

If anyone has further information on this unusual catch, please call The Antioch News.

Pinspotters (Ladies) January 5, 1968
High team series: Willow

Front row, left to right: Wilford Wells, Dennis Pleviak, Paul Lulofs, Gary Aerne, Jack Westman, Chuck Diemer. Second row, left to right: Manager Gary Burnett, Mike Tulumello, Don Gaa, Bob Diemer, Terry Trip-

lett, Johnny Meyer, Mike Patterson, Bob Weeks, and Coach Andrew Hauptman. Third row, left to right: Mike Wells, Bill Dow, Bill Revell, Don Effinger, Charles Madson and Charles Hollacker.

A.H.S. Wrestlers Defeat Warren And Dundee

Antioch High School's wrestling teams were successful over the weekend. Our Varsity defeated Warren at Warren 34 to 10. Coach Hauptman felt we could beat Warren by about 7 or 8 points, but by a superior team effort the Antioch boys put on a very fine display of wrestling, and won by 24 points.

The underclassmen lost in a dual meet at Warren, but the following day defeated

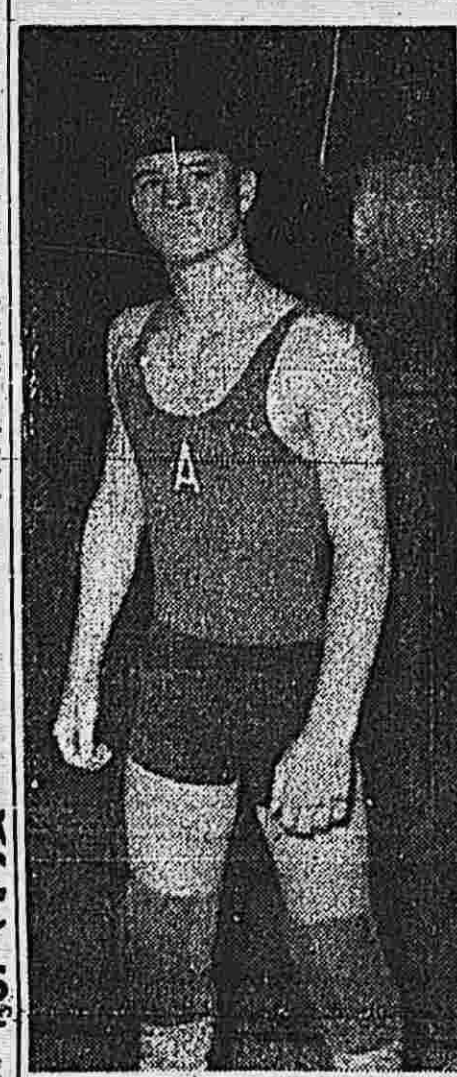

Dundee at the Freshman Sophomore level at Antioch. The varsity team defeated Dundee 41-3 on Saturday. Coach Hauptman felt that Dundee would be a weaker team than Warren. He remarked: "In general, our wrestling is improving, as I felt it would. Certain individuals are getting better each

week and this will make us a much stronger team. Boys like Bob Diemer, Dennis Pleviak, Charles Hollacker, and Bob Weeks have shown improvement in certain areas.

"Gary Aerne is now beginning to wrestle with aggressiveness and the other boys who have been outstanding all year are improving also.

The varsity winners in the Warren meet were Charles Diemer, Wilford Wells, Dennis Pleviak, Gary Aerne, Bob Diemer, Terry Triplett, Mike Wells and Bill Revell. Paul Lulofs and Charles Hollacker drew.

Dundee winners included everyone of the above plus Don Gaa.

Wilford Wells

One of the boys doing an outstanding job for Antioch's Wrestling team this year is Wilford Wells at 103 pounds.

Wells has lost only one match this year and that was in the Grant tournament to the boy who won the tournament and is still undefeated for the year.

Coach Hauptman feels that with a little more effort he can do an outstanding job and go as far as if not farther than he did last year.

New Grooming Code For Antioch High??

The Executive Board of the Student Council of Antioch Community High School and the High School Administrative staff held a joint luncheon meeting January 3, 1968.

The meeting offered an exchange of ideas and opinion between the student and faculty groups concerning school affairs. Discussion centered primarily around the A.C.H.S. Grooming Code and pressures that have been brought to bear on the student council to sanction current fads in clothing and grooming.

Mr. Albert Dittman, Superintendent of District 117, gave a brief resume of the code's inception and evolution to begin the discussion. Student points of view were enumerated by Marty McConahay, Janet Meyer, Karen Sheahan, and Debby Zeason, the student council officers.

Speaking the faculty viewpoints were Mr. W. Polley, Assistant Superintendent, Mr. A. Blecke, Dean of Boys, Mrs. E. Weidner, Dean of Girls, Mr. H. Brown and Mr. M. Tharp, the Student Council Advisers.

Two points were expressed as of primary concern at the present time, skirt lengths for girls and "blue jeans" for boys. The communication of ideas was deemed a necessary and worthwhile plan and both groups suggested future meetings of a similar nature to further cooperation and understanding between faculty and the student body.

Genetics Center Approved For Chicago Center

A center for education and research in genetics has been approved for the University of Illinois Medical Center Campus, and a budget of \$7,500 has been appropriated for its first year of operation in Chicago.

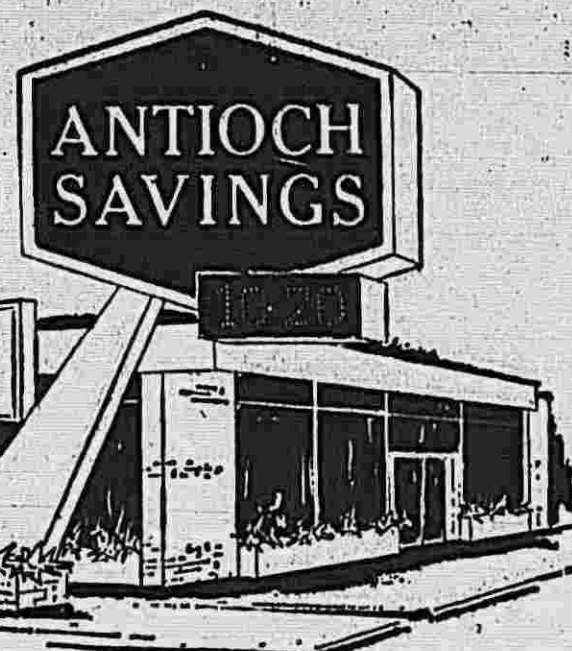

The center will coordinate instruction in genetics within the College of Medicine, encourage research in genetics and provide faculty consultative service.

A director for the center has not yet been selected. A committee has been appointed, chaired by Stephen B. Binkley, professor of biological chemistry, to aid in selecting the director.

In winter weather, says the Chicago Motor Club AAA, always turn on your headlights in the morning when it's snowing or foggy. Bad weather often causes pedestrians to become careless in looking both ways for traffic. Use of your headlights will help alert you to pedestrian error.

The Law Serves You

A Public Service of the ILLINOIS STATE BAR ASSOCIATION

OLD WAY OF STARTING COLD CAR NOW BANNED BY NEW STATE LAW

The old tried and true method of getting a subnormal car started on a cold winter morning was to ask your neighbor to give you a push with his car. But don't try it this winter.

That advice comes from the Illinois State Bar Association which points out that it is now against Illinois law for one vehicle to be pushed by another on the public roadways except in an emergency.

Ordinarily, a dead battery or cold engine doesn't constitute an emergency. And even if it did, the law says a vehicle may not be pushed farther than is necessary to remove it from the roadway or from any immediate hazard.

The bar association also cites some other rules of the road, based on both new and old laws, which have a special bearing on your driving this winter. Here they are:

1. Reduce speed on icy or snow covered roads or whenever "a special hazard exists" by reason of weather or road conditions.
2. Turn on head lights (not just parking lights) at sunset or "at anytime visibility is so limited as to require

the use of lights for safety".

3. Always signal for a turn. All vehicles must be equipped with electric turn indicators and these should be used. If the electric signal is inoperative, you MUST roll down the window on the driver's side and give the appropriate hand signal.

4. Give the appropriate turn signal to indicate a change of lane or a start from a parallel parked position (a new law). But do not use a flashing turn signal on one side of the vehicle to indicate a parked or disabled vehicle, or as a "do pass" signal to motorists approaching from the rear.

5. Allow ample room for a passing maneuver. On a two lane highway, after overtaking and passing another vehicle on its left, you must return to the right lane before coming within 200 feet of any vehicle approaching from the opposite direction.

6. Do not leave the motor running when the vehicle is parked on a roadway unless the driver is in the car.

7. Studded snow tires may be used in Illinois for the first time this winter (between Oct. 1 and May 1).

Pure Milk Ass'n. To Meet January 19

A. L. McWilliams, general manager of Pure Milk Association, will address the annual meeting of PMA district 6 in the VFW Hall at McHenry on Friday, January 19, according to Avery A. Vose, district director and PMA president, Rt. 2, Antioch.

Over 600 dairy farmers, mainly from McHenry, Lake and Walworth counties, but also from Kane, Boone and Cook counties, and Kenosha county, in Wisconsin.

Election of all district officers and transaction of other business will get under way at 11 a. m. Dinner will be served at noon.

Dr. SIMS says...

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

SORE THROAT — DANGER SIGNAL FOR STREP

"Red" signals danger — and the redness of your child's sore throat is one danger signal that should never be ignored.

Sore throat—even a mild one can harbor the deadly strep (for streptococcus) germ that causes rheumatic fever, the most deadly heartcrippler and child-killer of all contagious diseases.

Strep germs in a sore throat are also the culprits in many serious ear infections, kidney infections, and a common type of pneumonia.

There are two important reasons why you should contact your doctor at the first sign of sore throat in your children:

1. Only he can determine if the sore throat is caused by the deadly form of strep germ that leads to rheumatic fever. Some types of strep, while able to induce sore throat and other symptoms of illness, are relatively harmless. It is the type medically termed "Group A Beta hemolytic streptococcus" that is deadly.

After preparing a culture from a throat swab, your physician can easily identify the deadly form of strep under the microscope, where it looked like tiny clusters of ball-shaped bacteria, arranged in chains like a string of beads.

2. Only your physician can prescribe the medication that will knock out strep throat before it leads to further trouble. Home-made and commercial remedies, including the so-called "antiseptic mouthwashes," have little effect on strep throat.

Only penicillin and other antibiotics which your doctor alone can administer, are effective against the strep germ.

Strep is also highly contagious and can spread from one person to the entire family in a matter of hours. For this reason, if strep is detected, your physician may wish to prescribe antibiotics for the entire family as a protective measure.

Most important, remember that strep is not only deadly, it's sneaky.

Contrary to popular belief, your child doesn't have to complain of a terribly painful, raw throat, with accompanying chills and fever, to have strep throat. Even the mildest throat redness can signal danger.

Obeys that signal by con-

what is Coffee Mill Flavor?

It's fresh-ground flavor you can't get in a can.
 Fresh-ground flavor you do get in A&P's whole-bean Eight O'Clock, Red Circle and Bokar Coffees.
 You see, once the coffee bean is ground, the flavor begins to fade.
 That's why, when we at A&P buy the finest coffees we can find, we bring them to you still in the bean.
 And we custom-grind them exactly right for your coffeemaker.
 Takes a little extra work, but we're happy to do it.
 That way we can be sure you'll enjoy the full, fresh taste of A&P's Coffee Mill Flavor.
 Are A&P Coffees a good reason for shopping A&P?
 They're one of many.
